

## **Captis Intelligence Announces the Appointment of Martin Dolan to Board of Directors**

LOS ANGELES, CA – December 29, 2024

Captis Intelligence Inc., a leading provider of crime prevention and subject intelligence technologies, has announced that it has added Martin Dolan as an independent member of its Board of Directors.

Mr. Dolan has been a senior investment banker as well as corporate strategist in Europe, the UK, Bermuda, and the USA. His previous experience includes de novo strategy development for new businesses, corporate strategy reviews, M&A support, executive search, specialty capital-raising, and principal investing.

Daniel Santell, Founder, CEO and Chairman of the Board of Captis said, “Martin brings over 25 years of experience as a chief executive, banker, director and private investor in companies across a wide range of industries and we welcome him to the Captis Board.”

Dario Brebric, Founder and Chief Revenue Officer at Captis, added, “Captis is executing on our enhanced go-to-market channel strategy, modularizing our SAAS offerings and expanding our portfolio of service offerings and we look forward to benefiting from Martin’s financial expertise, experience in customer-centric industries, and track record of helping companies execute on strategic transformations.”

Mr. Dolan added, “With one of the most powerful, flexible and customer-friendly platforms for businesses and consumers looking to prevent crime, Captis is incredibly well positioned to continue building on its momentum. I look forward to working closely and collaboratively with my fellow directors and the Captis management team to build on the company’s strong foundation and drive shareholder value.”

The announcement comes in the wake of a major acceleration in growth fueled by the demand for access to the exclusive Captis Criminal Database. The centralized Captis database of over 150 million criminal records allows the 18,000 law enforcement agencies in the US to significantly improve their operating efficiencies and leverage their valuable time and resources”.
