How to Perform an ODSI Search

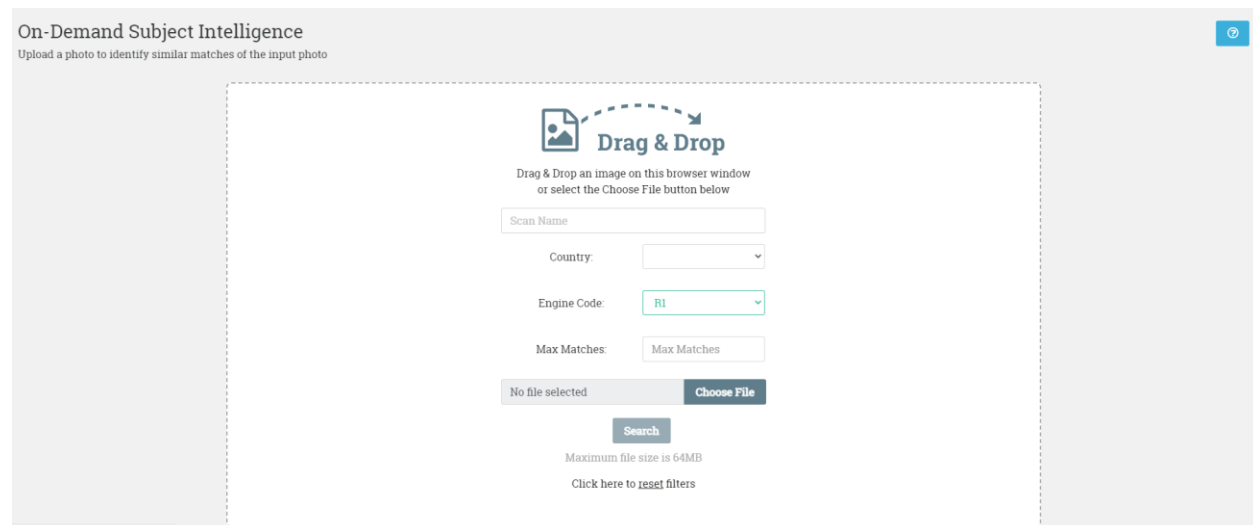

ODSI: Performing an ODSI Search

This guide is intended to provide a step-by-step desktop procedure for performing an ODSI search within Captis Intelligence’s integrated product suite. For any questions, please contact help@captisintelligence.com to reach one of our product specialists for assistance:

1. Log into the Captis Intelligence Product Suite using your account’s credentials.
<https://www.captisintelligence.com/home>
2. Select “Intelligence” on the top Navigation Bar, and select ODSI in the “Intelligence” drop-down sub menu to navigate to the ODSI Base Page

3. Drag and Drop your image into the ODSI Paste Area, or click Choose File and select the appropriate Image file from your files. Note currently accepted formats are PNG and JPEG formats

ODSI User Guide

How to Perform an ODSI Search

- a. Utilize the “Country” drop-down filter to narrow search results and select records obtained within that country.
 - b. Utilize the “Max Matches” to limit number of search results as desired. Results of the ODSI search will be ranked from closest match to least closest match.
4. Click “Search” to execute the ODSI Scan
 5. The scan will run for approximately 3-5 seconds, and subsequently produce results utilizing Captis’s state-of-the-art image analysis engine.
 6. Further filter results utilizing the top sub-bar to select by Score Level, Restriction Level, Country, and State if desired

The screenshot displays the 'Subject Intelligence Results' interface. At the top, there are controls for 'New Scan' and 'Score ↓'. Below this is a filter bar with options: 'Show Dups', 'Select Score Level', 'Select Restricted', 'Select Suspect Type', 'Select Country', and 'Select State'. The main area is divided into two sections. On the left, under 'Uploaded Photo', is a large image of a man's face with a red bounding box around it. Below the image, it says 'Screenshot 2023-01-16 15:38:35.png', 'Min Score: 25', and 'Max Faces: 1'. On the right, there are four smaller result cards. Each card shows a mugshot of a man with a red bounding box, the word 'Criminal' below it, a score level in a colored bar (green for HIGH, yellow for MEDIUM), and a 'More Details' button.
